

TOP OPTION PACKAGE

POWERFUL SOLUTIONS – PASSIONATE PEOPLE

KALTENBACH

TOP OPTION PACKAGE: BLUE LINE

OUR MOST ENVIRONMENTALLY FRIENDLY EDITION

Our systems are standard designed to be robust, user friendly and require little maintenance. This ensures a long service life, with minimal wear and tear.

With our BLUE LINE Option package, we also ensure you that the shotblasting process will be done with the lowest amount of energy.

This assures you to produce with an absolute minimum on running cost.

With our BLUE LINE Option Package, KALTENBACH | GIETART guarantees a reduction in power usage of up to 25%, compared to competitors and previous GIETART models.

BLUE LINE

Exceptionally environmentally friendly system

- Up to 25% reduction in power usage
- Smart operating system
- Unique energy saving modules for filters and turbines
- Possibility to combine options for reduced investment
- Quick return on investment

This unique BLUE LINE Option Package can help you to minimize the impact of your business on the environment and lower your carbon footprint by choosing the most environmentally friendly and durable solution for steel processing.
